BRINKS
WHERE CASH IS KING

Is Brink's Box for you?

With a range of safe types to choose from, Brink's Box is suitable for any business that deals in cash. We know that security and cash flow can be particular concerns for smaller retailers and hospitality-based businesses, so we provide solutions based around their specific needs.

Ideal for retailers, pharmacies, salons, hairdressers, restaurants, bars and hotels – we have a unit for every cash handling business.

A Brink's Box for every business.

Brink's have a device and solution that will suit any business size. From simple drop and go entry level devices to large cash recyclers with full reconciliation capability. Prices are dependent on the device and your cash volumes and start from as little as €250 per month. All units are easy for staff to use.

Independent Outlets

Ideal for retailers, pharmacies, salons, hairdressers, restaurants, bars and hotels.

Group Retailers

Ideal for mid-sized businesses with moderate cash processing requirements.

Large Cash Businesses

Ideal for major cash handling venues in retail or hospitality or betting environments.

What our customers say:

Centra

"The retail box solution was a win-win for our business at every level. It gave us the control to lodge money at a time that suited the business, with the security of knowing the cash was safe in the process but above all it improves our cash flow with next day lodgement processed to our bank. Our insurance company love it, our back office staff find the process very easy to use and we have next day cash in the bank."

James Masterson, Centra Carrick-on-Shannon.

LITUANICA

"Lituanica recommends Brink's Box for any business that deals with cash customers. The main thing is that you see next day credit to your account. There's an easy to use the App/Portal and you can track money after you lodge by amount, date and view all in the history. It's absolutely convenient – once you get money from the customer it can be lodged straight away. No big mess, no big money amounts to count at the end of the day – simple."

Eimante Butiskyte, Lituanica Stores.
